Melinda,

Here are the soil sampling results that came from the canal where the water sample was taken...I am out of the office tomorrow traveling to Bachman but maybe we can talk after lunch when you have had time to look at the data. Just let me know your schedule and when you might be available. Thanks.

All,

Here are the final results that now have Hg on them. Also see below field notes, times are on chain of custody.

Someone please copy Kendel Posey, I keep getting his email bounced back. You should have complete results from 8-2-12 and 8-3-12.

Thanks
